Dear Carrie.

Will is failing slowly  
sleeps most of time. is  
very weak. can take no  
nourishment. Ray had  
better come prepared  
to stay over, as it will  
not pay him to go back  
and come so soon a-  
gain. Hardly think it  
possible for him to  
last through the week  
he will probably be  
unconscious for a  
day or two. am afraid  
we will have a storm  
it is blue enough  
without that.  
Well Good Bye
